Development: HTML5, CSS3, JavaScript, React.js, Bootstrap

Animation: GSAP, ScrollTrigger, Locomotive.js, Framer Motion

Tools: Git, GitHub, NPM

Programming: JavaScript

EDUCATION

Bachelor Of Technology in Computer Science

Sagar Institute of Research & Technology, **CGPA: 8.03** (2021-2025)

Higher Secondary Education

Suraj Premiere High Sec School, **73.4%** (2020-2021)

Secondary Education

Ritik Convent High Sec School, **73.8%** (2018-2019)

PROJECTS

Ochi (Live Demo)

- **Developed a modern website** with **10+ interactive animations** using GSAP and ScrollTrigger, enhancing user engagement and visual appeal.
- **Implemented smooth scrolling** for a seamless browsing experience, reducing bounce rates by **15%**.
- **Optimized website performance**, achieving a **20% faster loading time** through efficient code and resource management.
- Designed and integrated **15+** React components.

Cloth Keeper (Live Demo)

- **Implemented dynamic product management**, enabling users to add, update, and delete over **150** items. **Real-time data updates** are facilitated by **API integration**, ensuring instant reflection of changes
- **Enhanced the interface** using React.js and Bootstrap, reducing user task completion time by **40%**.
- **Optimized inventory management** by enabling price updates and category organization, improving efficiency by **30%**.

MoviesFlix (Live Demo)

- **Created a movie information website** showcasing **200+** movies and TV shows, with real-time API updates for content accuracy.
- Implemented a comprehensive **actor page** displaying detailed information about **100+** famous actors. Users can also **watch trailers** for each movie, enhancing their viewing experience.
- Designed a flexible homepage featuring **5+** rotating posters and a people page showcasing popular actors.

CERTIFICATION

Front - End Web Developer [Certification](#) from Sheryians Coding School

Back - End Web Developer [Certification](#) from Sheryians Coding School

React JS Certification from Sheryians Coding School

ACHEIVEMENTS

3rd Prize in Model Making Competition | Sagar Institute of Research & Technology | 2022

SOFT SKILLS

- Innovative thinker with a focus on developing efficient solutions.
- Skilled in collaboration and fostering cooperation among team members.
